INTRODUCTION

In 1988, INDEPENDENT SECTOR commissioned the Gallup Organization to conduct a national survey on the giving and volunteering behavior of Americans. This survey is the beginning of a series of surveys that will be conducted every two years in order to establish reliable trend information. Two previous national surveys on giving behavior were conducted: a 1974 survey conducted by the Survey Research Institute at the University of Michigan and commissioned by the Commission on Private Philanthropy and Public Needs (better known as the Filer Commission) and a 1984 survey conducted by Yankelovich, Skelly and White and commissioned by the Rockefeller Brothers Fund. INDEPENDENT SECTOR commissioned the Gallup Organization to conduct surveys on volunteers in 1981 and 1985.

This new series of national surveys builds on the wisdom gained from previous efforts and includes a wealth of new details on giving, volunteering, and motivations for such behavior. It is designed to establish baseline information for the future biennial surveys. It addresses the following questions:

1. Who gives and volunteers? To whom? How much?
2. What determines giving and volunteering behavior?
3. What are the motivations for giving and volunteering to various types of charitable causes?
4. Is there a relationship between giving and volunteering to religious organizations and giving and volunteering to other charities?
5. What are public attitudes toward giving, volunteering, and the performance of charitable organizations?

The study gives special attention to the demographic characteristics of givers and volunteers. The demography of the American population is changing rapidly; therefore, it is especially important to trace the level of participation of various population groups in the tradition of giving and voluntary service.

This study continues INDEPENDENT SECTOR's effort to encourage and occasionally sponsor research on motivations for giving and volunteering. In this survey, all participants were asked a series of questions relating to their personal goals, values, and attitudes toward contributing time and money. Detailed questions were also asked about giving and volunteering to a wide variety of nonprofit organizations, including religious organizations.

The information included in this report was obtained from in-home personal interviews conducted from March 8 to March 22, 1988, with a representative sample of 2,775 adult Americans 18 years of age or older. This sample included oversamples of blacks, Hispanics, and affluent Americans (household incomes over \$50,000) in order to have enough respondents to carry out statistically reliable analyses of these groups. Interviews were conducted in English and, when applicable, in Spanish. The sampling procedure did not include the very wealthy (those with incomes above \$200,000) because they constitute such a small percentage of the population. Weighting procedures were used to ensure that the final sample was representative of the adult population in the United States in terms of age, education, marital status, occupation, size of household, region of the country, and household income.

This survey is unique because it includes details about both giving and volunteering behavior for all Americans as well as information about those who neither give nor volunteer. The findings of this survey should be useful to fundraisers, policymakers, the media, researchers, and the leadership of voluntary organizations.

In this report, findings relating to contributions are for households, and findings relating to volunteer time are for individuals. Several persons may work or live in a household, and they usually think of income in relation to their household; therefore, respondents were asked to report on household contributions and income. In contrast, volunteer time was collected for individuals because research has shown that individuals know how much time they volunteer, but do not report very accurately about volunteer time of other members of their households.

NOTES CONCERNING THE GALLUP SURVEY ON GIVING AND VOLUNTEERING

- Q. 116 -- Hours range from 1 to 99. A '&&' represents No Answer.
- Q. 117 -- Since more than one answer is possible, this question is multi-punched. Therefore, if a '1' appears in F481 then that is a positive answer for the first possible response. This holds true for F482 thru F485 also. If a '1' appears in F4810 then 'Other' is one of the responses. If a '1' appears in F4812 then 'Don't Know' is a valid response.
- Q. 118 -- Since more than one answer is possible, this question is multi-punched. Therefore, if a '1' appears in F491 then that is a positive answer for the first possible response. This holds true for F492 thru F498 also. If a '1' appears in F4911 then 'Other' is one of the responses. If a '1' appears in F4912 then 'Don't Know' is a valid response.
- Q. 119 -- Since more than one answer is possible, this question is multi-punched. Therefore, if a '1' appears in F501 then that is a positive answer for the first possible response. This holds true for F502 thru F509 also. If a '1' appears in F5011 then 'Other' is one of the

responses. If a '1' appears in F5012 then 'Don't Know' is a valid response.

Q. 122 -- '&' represents a 'Don't Know' response.

Q. 125 -- '&' represents a 'Don't Know' response.

Q. 126 -- Variable F611 corresponds to Religion (ie. if a '1' is in F611 then the respondent has volunteered in the religion field, otherwise they have not), F612 matches up with Arts/Culture,..., F6110 corresponds to Community/private foundations. F6111 corresponds to Other, and F6112 corresponds to None of These.

Q. 129 -- Variable G611 corresponds to Religion (ie. if a '1' is in G611 then the respondent has volunteered in the religion field, otherwise they have not), G612 matches up with Arts/Culture,..., G6110 corresponds to Community/private foundations. G6111 corresponds to Other.

Q. 131 -- Since more than one answer is possible, this question (A-X) is multi-punched. Therefore, if a '1' appears in H121 then that is a positive answer for the first possible response. This holds true for H122 thru H1210, and also for H131 thru H134, & H1310 ('Other').

This process is repeated throughout question 131. For part B. substitute H14 for H12 and H15 for H13. The last part of this question - part X.- should have H32 and H33 for the variable names.
